Fayette R-III

FHS- Curriculum Guidefor Language Arts II/Honors LA II

Fayette R-III Mission: To educate all students to be ethical, successful citizens.

The English Language Arts Learning Goals are based on the Missouri Learning Standards. The Missouri Learning Standards define the knowledge and skills students need to succeed in college, other postsecondary training and careers. This document is designed to make clear what each child should know and be able to do by the end of LA II.

Course Description:LA II, an integrated English course based on the Missouri Learning Standards, is a study of language, literature, composition, and oral communication with a focus on exploring universal themes across a wide variety of genres. Students use literary interpretation, analysis, comparisons, and evaluation to read and respond to representative works of historical or cultural significance appropriate for grade 10 in classic and contemporary literature balanced with nonfiction. Students write short stories, responses to literature, expository and persuasive compositions, research reports, business letters, and technical documents. Students deliver grade-appropriate oral presentations and access, analyze, and evaluate online information.

Similar to LA II, Honors LA II will move at a faster pace, utilize advanced pieces of literature, and promote the usage and analysis of scholarly non-fiction materials.

Course Rationale: The Fayette R-III English Language Arts program is the foundation upon which all other learning takes place. Communication skills are central to both cognitive and social development. Listening, speaking, reading, and writing are skills students need to help them solve problems, make decisions, interpret information and communicate their ideas to others. Fayette R-III schools will provide a balanced program of listening, speaking, reading and writing that emphasizes not only the understanding and appreciation of language and literature, but also the application of communication skills to the world and the workplace.

ELA Student Learning Goals	Standard Alignment
Reading: Comprehend and Analyze Literature and Informative Texts	RL 10.1, 10.2, 10.3,
1. Students will read a variety of literature including classic,	10.6
contemporary, popular narratives, poems, and plays. Reading will also	RI 10.1, 10.2, 10.3,
include informational, academic texts and technological resources.	10.6
2. Students will demonstrate mastery of analysis and comprehension	CA 2, 3, 1.5, 1.6, 2.4,
skills such as:	3.1,3.4,3.5, 3.6,3.7,3.8
 Identifying text structure, author's purpose and style, organizational patterns and context 	
 Identifying and analyzing plot, characters, point of view, theme, and literary devices and techniques 	
 Analyze and evaluate text connections; text to text, text to self, text to world 	
Summarize, paraphrases, and make logical inferences	
Reading: Uses Reading Strategies	L 10.4, 10.5
3. Students will demonstrate mastery of reading strategies by applying	CA 2,3,1.5,1.6, 3.5,

a wide range of strategies to comprehend, interpret, evaluate, and appreciate texts including, but not limited to: • Accessing prior knowledge • Setting a purpose for reading • Monitoring rate of reading • Annotating texts • Making predictions and connections • Using text structures/idea development/organization Reading: Increases and Integrates Vocabulary 4. Students will apply their knowledge of word meanings, word identification strategies, and their understanding of textual features such as sound-letter correspondence, sentence structure, and context. Students will demonstrate mastery of the following grade level vocabulary skills: • Apply decoding strategies for unknown words using roots and affixes, context clues, glossary, dictionary or thesaurus • Determines or clarifies the meaning of unknown and multiple meanings of words and phrases. • Determine technical, connotative, and figurative and connotative meaning, analyze the impact of specific word choices on meaning and tone, including words with multiple meaning of language • Analyze how an author uses and refines the meaning of key term or terms over the course of a text Writing: Production and Distribution 5. Students will demonstrate mastery of the following writing skills: • Craft arguments to support claims, analyzing complex texts or topics, supporting arguments with sound evidence. • Inform readers about or explain complex ideas, processes, or events in language that is clear, precise and formal • Construct narratives that describe real or imagined experiences		2 6 2 7 2 0
 Accessing prior knowledge Setting a purpose for reading Monitoring rate of reading Annotating texts Making predictions and connections Using text structures/idea development/organization Reading: Increases and Integrates Vocabulary 4. Students will apply their knowledge of word meanings, word identification strategies, and their understanding of textual features such as sound-letter correspondence, sentence structure, and context. Students will demonstrate mastery of the following grade level vocabulary skills: Apply decoding strategies for unknown words using roots and affixes, context clues, glossary, dictionary or thesaurus Determines or clarifies the meaning of unknown and multiple meanings of words and phrases. Determine technical, connotative, and figurative and connotative meaning, analyze the impact of specific word choices on meaning and tone, including words with multiple meaning of language Analyze how an author uses and refines the meaning of key term or terms over the course of a text Writing: Production and Distribution S. Students will demonstrate mastery of the following writing skills: Craft arguments to support claims, analyzing complex texts or topics, supporting arguments with sound evidence. Inform readers about or explain complex ideas, processes, or events in language that is clear, precise and formal Construct narratives that describe real or imagined experiences 	appreciate texts including, but not limited to:	3.6, 3.7, 3.8
 Setting a purpose for reading Monitoring rate of reading Annotating texts Making predictions and connections Using text structures/idea development/organization Reading: Increases and Integrates Vocabulary 4.
